# Powering Acute Care Excellence with Workday

## Helping Hospitals Optimize Operations and Elevate Patient Care

Acute care facilities operate in a high-stakes environment, where delivering exceptional patient care must align with financial sustainability and operational efficiency. Workforce shortages, evolving regulations, and supply chain disruptions make it essential to have a unified, data-driven approach to managing complexity and improving outcomes.

At The Groove, we specialize in helping acute care providers streamline financial operations, enhance workforce management, and drive digital transformation. Leveraging the power of Workday, we enable hospitals and health systems to optimize operations while maintaining a relentless focus on patient care.

## A Unified Platform for Acute Care Success

With Workday, The Groove helps hospitals and health systems seamlessly integrate financial, workforce, and supply chain operations into a single, AI-powered platform. Our expertise helps acute care organizations enhance efficiency, reduce administrative burden, and improve staff satisfaction—leading to better patient outcomes and long-term sustainability.

## How Workday Transforms Acute Care Operations:

### Optimize Workforce Management & Retention

- Combat clinician burnout with real-time insights into staffing trends and predictive analytics.
- Enhance nurse retention with AI-driven scheduling, career development tools, and targeted engagement surveys (including ANCC Magnet questions).

### Enhance Financial Performance & Cost Control

- Maximize revenue capture with AI-driven forecasting and real-time financial insights
- Gain full visibility into financial operations, from budgeting to resource allocation.
- Reduce costs by streamlining procurement and supply chain management with automated workflows.

### Increase Operational Efficiency & Automation

- Automate administrative tasks using machine learning to ease workload on frontline staff.
- Unify finance, HR, and supply chain data into a single source of truth for smarter decision-making.

### Accelerate Digital Transformation

- Provide mobile-first, self-service tools for scheduling, payroll, and credentialing.
- Equip hospital leadership with real-time data on workforce, financial, and supply chain— accessible anywhere.
