Powering Healthcare Excellence with Workday

Empowering Healthcare to Drive Better Patient Outcomes

The healthcare industry stands at a pivotal moment, with opportunities to transform care delivery, enhance patient and provider experiences, and drive value-based excellence. Yet, healthcare organizations need to navigate the complexity of workforce shortages, supply chain volatility, and financial constraints to achieve sustainable success.

The Groove helps healthcare industry leaders drive strategic and operational improvements in revenue cycle management, cost optimization, performance improvement, digital transformation, and strategic planning. Leveraging the power of Workday, we deliver measurable financial results for acute care providers, payers, and non-acute care facilities. While optimizing operations, organizations can keep patient care at the forefront.

A Unified Platform for Healthcare Success

With Workday, healthcare organizations can integrate financial, workforce, and supply chain operations into one AI-powered platform. We combine our deep industry knowledge, data-driven approach, and powerful deployment capabilities to help hospitals, health systems, and providers enhance efficiency, reduce administrative burdens, and improve workforce satisfaction. **The result: better patient outcomes and organizational excellence.**

Key Benefits:

Strengthen Workforce Retention & Engagement

- Combat clinician burnout with real-time workforce insights
- Enhance nurse retention with AI-driven scheduling, career growth tools, and ANCC Magnet-aligned surveys

Optimize Financial Performance & Cost Control

- Cut costs with full visibility into the source-to-pay cycle
- Maximize revenue with AI-powered forecasting and analytics

Enhance Operational Efficiency & Automation

- Reduce administrative workload by automating repetitive tasks with ML
- Ensure compliance with evolving and complex regulations
- Access actionable insights quickly with unified finance, HR, and supply chain data

Accelerate Digital Transformation

- Deliver better clinician experiences with mobile-first, self-service tools for scheduling, payroll, and credentialing
- Provide caregivers with real-time access to workforce, supply chain, and financial data on any device, anytime, and anywhere
- Modernize service delivery and improve patient outcomes with AI/ML solutions
