

# Power your growth potential with our Integration Assessment.

## 6 reasons to review your integration landscape

- 1 Manual data entry overload.
- 2 Data inconsistencies between systems.
- 3 Lack of real-time insights.
- 4 Higher than anticipated IT maintenance costs.
- 5 Inefficiencies affecting your ability to scale.
- 6 Compliance concerns and potential risks.

## Unlock operational excellence.

Failing to conduct a thorough integration assessment as part of the Workday lifecycle can pose significant risks to your operational efficiency, data integrity, and strategic decision-making. The Groove's Integration Assessment is designed to analyze the efficiency and effectiveness of your current production integration landscape.

## Evaluate how well your technology is integrated.

Through our Integration Assessment we pinpoint areas of improvement and provide insights and recommendations on how integrating with Workday can reduce integration costs, mitigate failure risks, enhance data governance, and promote better technology adoption.

## Key deliverables
