

Accelerate the uptake of technology with our User Adoption Assessment.

6 signs you can benefit from our User Adoption Assessment.

- 1 Some departments are embracing change while others aren't.
- 2 Your team uses inconsistent task processes.
- 3 You're overburdened with new feature introductions.
- 4 Training was not comprehensive or has become outdated.
- 5 New leadership has caused disruption to your workflow.
- 6 You're using workarounds because of procedural changes.

Make the most of your technology investments.

When technology is underutilized in your organization, it can lead to fragmented workflows, communication barriers, and missed opportunities for organizational efficiency and innovation. The Groove's User Adoption Assessment helps you maximize the effectiveness of your software investments by ensuring optimal user adoption rates.

Maximize how well your technology is being adopted.

The Groove's User Adoption Assessment involves a comprehensive analysis of your current technology platform. From the assessment, our team of experts can diagnose the underlying reasons for low technology adoption rates and offer easy-to-implement recommendations.

Key benefits

Complete analysis of environment

- Get a snapshot of how well your technology has been adopted and is being used by your team.
- Uncover discrepancies in task processes and access recommendations to standardize and streamline workflows across teams.

Project roadmap & staffing plan

- Get a defined project plan with manageable initiatives to support user adoption.
- Access an internal and external resource plan so the project can be staffed.

Updated standard operating procedures

- Gain recommendations for essential operating procedures, from minor configuration adjustments to complete process redesigns.
- Address actions both within and outside the application.

Roadmap for new training

- Receive a training plan to foster impactful technology and software adoption.

Assessment timeline

The Groove's User Adoption Assessment and recommendations are approximately a three-week engagement as defined by the services below. We'll provide functional and technical leads for the duration of the engagement to assist where needed.

Why The Groove

- **20+ years cloud deployments:** Benefit from our deep experience in deploying cloud solutions and unparalleled expertise in maximizing user adoption.
